### **AGW Content Use Policy**

A Greener World (AGW) is permitted to use the publicly posted or submitted photograph(s) or electronic media images from farms certified by AGW in any way which promotes the certified farm, the AGW program, AGW merchandise, and other program related materials. If there is specific person or business which should be acknowledged for the photograph, notification of this credit will be included when possible. Please note that AGW may not always have the ability to give photo credit. Certified farms may revoke this authorization at any time by notifying A Greener World in writing. A revocation will not affect any actions taken before the receipt of this written notification. Images will be stored in a secure location and only authorized staff will have access to them. They will be kept as long as they are relevant and after that time they will be archived.
