

## **Annex D: List of Prohibited and Restricted Inputs**

Note: A lack of a specific prohibition for any input, feed or supplement within these standards does not imply that their use is permitted.

### **Prohibited Materials:**

- Antibiotics (for crop production)  
*Note: Approved therapeutic antibiotics may be used in livestock; see livestock standards*
- Arsenic
- Chemicals for soil sterilization: formaldehyde, phenols, cresylic acid, tar oil, chloropicrin, chloropicrin + methyl bromide, dazomet, basamid (granular dazomet), D-D Fumigant (mainly for eelworm), 1, 3 — dichloropropane metham sodium
- Guano
- Lead salts
- Meat, bone and blood that is not a byproduct of human consumption
- Neonicotinoids
- Plant waste (such as lawn clippings, leaves, or compost), that cannot be demonstrated to be free of contamination with lawn chemicals and petroleum products
- Quicklime and burnt lime (calcium oxide CaO) (as a crop input)
- Sewage sludge or bio-solids, including sludge ash
- Slaked lime and hydrated lime (calcium hydroxide CaO + H<sub>2</sub>O)(as a crop input)
- Strychnine
- Tobacco dust (nicotine sulfate)
- Uncomposted meat, bone or blood
- Glyphosate and other agrochemicals on crops which will be directly consumed

### **Restricted Materials for Certified Regenerative Agricultural Production:**

- Agrochemical or hormone herbicide
- All forms of synthetic fertilizer
- Avermectins including, but not limited to: ivermectin, abamectin, doramectin, eprinomectin, moxidectin and selamectin
- Calcium chloride, brine process is natural and prohibited for use except as a foliar spray to treat a physiological disorder associated with calcium uptake
- Heavy Metals inputs
- Herbicides, pesticides and plant protection products
- Manure from non-Certified Regenerative by AGW holdings
- Mineral fertilizers
- Plant growth regulators
- Potassium chloride—unless derived from a mined source and applied in a manner that minimizes chloride accumulation in the soil
- Sodium nitrate
- Urea

Annex D: List of Prohibited and Restricted Inputs | Certified Regenerative by AGW  
© A Greener World

***Note: The materials listed above may only be used if planned and targeted as part of the approved Regenerative Plan. Use must be phased out over time as agreed with A Greener World.***
